4.

Step 2 is request where you would like your students to be placed. This can either be to a location with area to be determined at a later date. Click **Next** once you have completed your allocation request.

Students can be assigned to a single area (**step 5**) or a Student can be assigned to multiple areas (**step 6**) if during the course of the placement they are to attend multiple areas.

## Draft Placement Request

Step 2 of 4 [Previous](#) [Next](#)

Where should the students be placed? Please specify either Area Allocation via edit OR Location Allocation via the table. You need not specify both.

Location	Location Allocation	Area Allocation	Total Area Allocation
Mater Hospital Brisbane	<input type="text"/>	<a href="#">edit</a>	0
Mater Redlands	<input type="text"/> 3	<a href="#">edit</a>	0

Allow students to be allocated to multiple locations

Number of students left to allocate 0

5.

Or you can select **edit** and request a specific area for your students to be placed. Click **Ok** once you have completed your request.

Note – these are **requests only** and discretion is left to the placement provider on what is eventually approved.

If the total of your requested allocated spots does not equal the number of students requested you will get an error message appear as per the image below.

## Draft Placement Request

Step 2 of 4 [Previous](#) [Next](#)

Where should the students be placed? Please specify either Area Allocation via the table. You need not specify both.

Area	Allocations
Intensive Care Unit	<input type="text"/> 2
Emergency Department	<input type="text"/> 1
Perioperative	<input type="text"/>
Medical Assessment Unit	<input type="text"/>

**OK** [edit](#) 3

Allow students to be allocated to multiple locations

Number of students left to allocate 0

Number of students left to allocate 1

Please make sure the total number of students allocated to locations and areas adds up to 3

**Error.** The number of allocations does not match the number of students for this placement request.

6.	<p>Step 2 also allows for an Education Provider to send a student to multiple locations i.e. the student can rotate between multiple areas for the duration of the placement request (if approved by Placement Provider).</p>	 <table border="1" data-bbox="794 359 1476 673"> <thead> <tr> <th>Area</th> <th>Allocations</th> </tr> </thead> <tbody> <tr> <td>Intensive Care Unit</td> <td>(3)</td> </tr> <tr> <td>Emergency Department</td> <td>(3)</td> </tr> <tr> <td>Perioperative</td> <td></td> </tr> <tr> <td>Medical Assessment Unit</td> <td>(3)</td> </tr> </tbody> </table>	Area	Allocations	Intensive Care Unit	(3)	Emergency Department	(3)	Perioperative		Medical Assessment Unit	(3)

7.	<p>Step 3 is to attach any supporting documentation for the placement. Any Word, Excel or PDF document can be uploaded, and they can be assessment forms for student supervisors to access, student current skills and scope of practice, learning objectives or any other relevant documents you wish to share with the placement provider.</p> <p>To upload a document, make sure that the <b>Upload documents</b> tab is highlighted blue and then click the <b>Browse</b> button to attaché your file.</p>											
8.	<p>When uploading a new document you will need to:</p> <ul style="list-style-type: none"> <li>- enter a name in the <b>Document Name</b> field which will display for the Placement Provider staff</li> <li>- and determine if the document can be seen by only the Placement Provider staff (leave <b>Visible to Students</b> unticked) or can be seen <u>also</u> by students and their direct supervisors (tick <b>Visible to Students</b>)</li> </ul> <p>Click <b>Upload</b> once completed</p>											

9.

If you have uploaded a Document in a previous placement request you do not have to upload it again.

Click in the **Find existing documents** tab and then select the Document you want from the list at the bottom of the page by clicking the **Add** button.

If there are many files to choose from you can search for the correct file by typing the Document's name in the **Filter** field and clicking the **Search** button.
