9. The **Allocated** column displays all students that have at least part of their placement within a capacity time period. For example, in the month of July 2014 (01/07/2014 to 31/07/2014) where there is a capacity of 3 students, there are:

1. 2 x Mater Education students on placement from 07/07/2014 to 20/07/2014 from the same Placement Request,
2. 1 x Mater Education student on placement from 14/07/2014 to 27/07/2014, and
3. 1 x Mater Education student on placement from 28/07/2014 to 24/08/2014 (of which 28/07 to 31/07 falls within this capacity time period).

For the rest of 2014 (01/08/2014 to 31/12/2014) where there is a capacity of 4 students, there are:

4. Only 1 x Mater Education student on placement from 28/07/2014 to 24/08/2014 (of which 01/08 to 24/08 falls within this capacity time period).

**Note** that the student placement in **3.** and **4.** is the same student, but they are displayed in both capacity time periods as the placement spans across both.
